**Preferred Management Services Bring on
Two New Association Clients.**

management. And they are a licensed Community Association Management Firm with the Department of Business and Professional Regulation in the State of Florida.

In April of 2012, Preferred Management Services entered a joint venture with RE/MAX Oceanside. Together the firms purchased Commercial World Inc., a commercial only real estate firm. RE/MAX Oceanside provides the real estate sales and leasing portion of the business, and Preferred Management Services provides the property management and accounting services.

PMSI, a maintenance division of Preferred Management Services, offers absentee owner services, home monitoring and maintenance services, including all types of minor repairs, home projects and property preservation. PMSI employs a team of experienced maintenance personnel that offer commercial and residential pool maintenance, janitorial services, lawn maintenance, and property preservation.

The third division of Preferred Management Services is financial services. This includes professional bookkeeping, payroll services, and accounting for small businesses.

Dixie Commons is a 45,000 square foot commercial park located on Old Dixie Highway North in Palm Coast, FL.

"We have an amazing and talented team that allows us to continue to grow," says owner of PMS, Lea Stokes. "They continue to deliver top-notch customer service and keep our clients happy," she adds.

Owner of Preferred Management Services, Lea Stokes started her property management company in 1995. Today, they currently employ sixteen individuals, five of which are Licensed Community Association Managers. They have a full service accounting, administrative, and management staff representing over 50 years of combined experience in accounting and association
