

Testimonial:

To whom it may concern,

I have used Preferred Management Services maintenance division, PMSI, for the past year and have been very pleased with the results. The company is reliable, reasonable pricing, and very professional in handling accounts.

After trying other companies who didn't show up or call and send different people every week into my back yard, I am thrilled to have a company as professional and reliable as PMSI.

Thank you for the great service!

Linda Provencher,
